**Curaçao:** Cpost International N.V. has advised that the Government of Curacao has suspended all inbound and outbound international flights which is having a direct impact on service quality for both international inbound and outbound services. Cpost International is experiencing significant disruption to its daily operations and is therefore declaring a situation of force majeure and ceasing to accept inbound letter-post and parcel-post items until sufficient transport capacity becomes available. It will continue to provide restricted postal services. This means that it is unable to guarantee delivery standards for letter-post, parcel-post and EMS items. Signatures will no longer be requested for any deliveries, and no proof of delivery can be provided until further notice.

Items subject to a delivery notice are now available for collection at post offices for a period of 15 working days. The situation of force majeure has been extended until further notice. Further, CTT Correios de Portugal is unable to dispatch postal items to any destinations. Please visit [www.ctt.pt/transversais/alertas-envios-internacionales#fthtrn-tab1](http://www.ctt.pt/transversais/alertas-envios-internacionales#fthtrn-tab1) for up-to-date information on the countries concerned.

These various measures will impact collection, transmission and delivery of mail. Consequently, the Togo Postal Corporation will no longer be able to fulfill its obligations in terms of mail processing standards, or guarantee quality of service for letter-post, parcel-post or EMS items, until the situation returns to normal. It is therefore declaring a case of force majeure for all categories of inbound and outbound mail, though it will carry on providing postal services as far as it is able to.

On April 3, 2020, the Postal Service received notifications from various postal operators regarding changes in international mail services due to the novel coronavirus (COVID-19).

Therefore, Maldives Post is suspending the processing of all inbound and outbound mail (letter-post, parcel post and EMS items) from March 19, 2020 to April 11, 2020. This will have a major impact on operations and, consequently, on quality of service for all types of mail. The disruption is expected to continue until the epidemic is over. Consequently, service delivery standards cannot be guaranteed, and a situation of force majeure has been declared.

Unless otherwise noted, service suspensions to a particular country do not affect delivery of military and diplomatic mail.

Until further notice, as a convenience for our customers, the Postal Service will continue to accept and process mail destined for the Maldives. This mail will be held within our network and will be delivered once mail service is restored.

The following countries have announced service disruptions:

Guatemala: The General Directorate of Posts and Telegraphs has advised that, as part of government measures to prevent the spread of COVID-19, it is operating with 50% of its normal staff until April 12, 2020 (subject to extension). All post offices have been closed, and only home deliveries are being provided by the reduced staff, with appropriate steps taken to protect employees and customers. These measures will result in delays to deliveries, quality of service for all types of inbound and outbound mails is affected, and service delivery standards cannot be guaranteed. Therefore, the General Directorate of Posts and Telegraphs is declaring a situation of force majeure with regard to quality of service until the situation returns to normal.

South Korea: Korea Post has advised that, owing to the suspension of flights, the processing of outbound mail destined to: Costa Rica, the Dominican Republic, Hawaii (United States of America), Iceland, the Netherlands, Portugal, Qatar, Turkey, Uganda and Zambia has been suspended from April 3 2020 (April 2 in the case of Qatar) until further notice. Mauritius UPDATE: Mauritius Post has advised that the Government of Mauritius has decided to extend the sanitary curfew for at least two more weeks, i.e. until April 15, 2020. All post offices nationwide are closed and all classes of mail will be subject to delays. All inquiries, including those handled electronically through the Internet-based systems for parcel-post, EMS and registered items, are liable to be disrupted. Also, call agents may not be able to deal with telephone inquiries. To eliminate customer interaction at the door and in accordance with physical distancing requirements, Mauritius Post has suspended the collection of a signature on delivery of registered postal items, until further notice. Owing to the suspension and cancellation of many flights to and from Mauritius, severe delays for all outbound and inbound mails (letter-post, parcel-post and EMS) are to be expected until sufficient transport capacity becomes available. Therefore, quality of service for all types of inbound and outbound mail is affected, and service delivery standards, which fall under the already invoked case of force majeure with regard to quality of service, cannot be guaranteed until the situation returns to normal.

Slovakia UPDATE: Slovenska Pošta has advised that special processes have been put in place for postal items subject to delivery, specifically as follows:

- Slovenska pošta has suspended the collection of a signature on delivery for inbound registered letter-post items. These are now placed in the addressee’s mailbox with no personal contact with the addressee, and the details are recorded in delivery books.
- Items that do not fit in the mailbox, or those with an unsuccessful delivery attempt, will be stored at the delivery post office for an extended period (32 days in total). A notification, including instructions, will be placed in the mailbox. The same applies to ordinary mail, including small packages;
- Inbound registered letter-post items with value-added services, such as delivery in person, written proof of delivery, the cash-on-delivery service or other additional payments etc. In such cases, deliveries have been suspended, and only a notification that the item is available at the post office will be provided (physical notification in the mailbox, or electronic notification by e-mail or SMS). When a customer is in compulsory quarantine or has been diagnosed with COVID-19, their items will be deposited at the delivery post office for the extended storage period, and customers in quarantine will be able to wait until the quarantine is lifted.
- Parcels that would ordinarily require the addressee’s signature are still delivered to the door, but extra steps are taken to minimize interaction. Furthermore, as of April 1, 2020, Slovenska pošta is able to send mail (letter-post, parcel-post and EMS items) only to countries within the European Union (with the exception of Cyprus, Greece, Ireland, Malta and Spain), and to Belarus, Canada, Serbia, Switzerland, Ukraine, the United Kingdom and the United States of America. Owing to the cancellation of many international flights and diminished transportation capacity, Correo Argentino is unable to transport mail to an increasing number of countries. As a result, it has arranged for mail items addressed to foreign countries to be admitted on a conditional basis. These circumstances will affect the quality of service for all inbound and outbound mail. As such, Correo Argentino, has declared force majeure and will be unable to guarantee delivery service standards (e.g., delivery time).

Greece: Hellenic Post (ELTA) has advised that, effective March, 30 2020, Hellenic Post will only be able to send — with delays expected due to limited capacity — letter-post and parcel-post items destined to:
