**Iceland UPDATE**: Iceland Post has advised that it has suspended signature on delivery for inbound items as of March 19, 2020. Delivery will be conducted via methods that limit direct contact.

**Slovakia UPDATE**: Slovenská pošta has advised that special processes have been put in place for postal items subject to delivery, specifically as follows:

- Slovenská pošta has suspended the collection of a signature on delivery for inbound registered letter-post items. These are now placed in the addressee’s mailbox with no personal contact with the addressee, and the details are recorded in delivery books.
- Items that do not fit in the mailbox, or those with an unsuccessful delivery attempt, will be stored at the delivery post office for an extended period (32 days in total). A notification, including instructions, will be placed in the mailbox. The same applies to ordinary mail, including small packages.
- Inbound registered letter-post items with value-added services, such as delivery in person, written proof of delivery, the cash-on-delivery service or other additional payments etc. In such cases, deliveries have been suspended, and only a notification that the item is available at the post office will be provided (physical notification in the mailbox, or electronic notification by e-mail or SMS).
- Where a customer is in compulsory quarantine or has been diagnosed with COVID-19, their items will be deposited at the delivery post office for the extended storage period, and customers in quarantine will be able to wait until the quarantine is lifted.
- Parcels that would ordinarily require the addressee’s signature are still delivered to the door, but extra steps are taken to minimize interaction.
- Furthermore, as of April 1, 2020, Slovenská pošta is able to send mail (letter-post, parcel-post and EMS items) only to countries within the European Union (with the exception of Cyprus, Greece, Ireland, Malta and Spain), and to Belarus, Canada, Serbia, Switzerland, Ukraine, the United Kingdom and the United States of America. **Fiji**: Post Fiji Ltd has advised that effective March 23, 2020, all international flights to and from Fiji are suspended until further notice. The following countries have announced service disruptions:

**Argentina:** Correo Argentino has implemented health and safety measures to limit the spread of COVID-19. No letter-post, parcel-post or EMS items will require signatures upon delivery. Instead, the mail carrier will ask the addressee for a piece of ID and will record the number in the signature field. Owing to the cancellation of many international flights and diminished transportation capacity, Correo Argentino is unable to transport mail to an increasing number of countries. As a result, it has arranged for mail items addressed to foreign countries to be admitted on a conditional basis. These circumstances will affect the quality of service for all inbound and outbound mail. As such, Correo Argentino, has declared force majeure and will be unable to guarantee delivery service standards (e.g. delivery time).

**Greece:** Greek Post (ELTA) has advised that, effective March 30, 2020, Hellenic Post will only be able to send – with delays expected due to limited capacity – letter-post and parcel-post items destined to:

A situation of force majeure is declared and the acceptance of letter-post and parcel-post items destined to all other countries (including the United States) is suspended with immediate effect, until sufficient transport capacity becomes available.

**Japan:** Japan Post has advised that the coronavirus pandemic has caused many countries and territories to take measures such as ceasing to accept inbound international postal items, or significantly reducing or suspending flights to and from Japan. As a result, Japan Post’s transportation performance has significantly declined. Therefore, acceptance of all international mail items (letter post, parcel post and EMS) by air and s.a.l. for various countries and territories is being temporarily suspended effective April 2, 2020.

**Turkey:** Turkish PTT Corporation has advised that numerous international flights have been cancelled, resulting in a lack of transport capacity. Efforts will be focused on urgent flows and the delivery of small parcels able to help people during this confinement period. For the same reason, La Poste will be unable to receive the following letter-post items; International Surface Airlift, M-bags, returns, and International Business Reply Service (IBRS).

- **Honduras**
  - **UPDATE**: Empresa de Correos de Honduras (Honducor) has advised that it has extended the suspension of postal services until April 12, 2020, or a later date to be communicated in due course. The suspension affects imports of international mail at land and sea borders, and at Ramon Villeda Morales Airport in San Pedro Sula and Toncontin Airport in Tegucigalpa. Honducor therefore asks countries that normally send their mail to Honduras by air cargo flights not to do so for the time being to avoid mail being stored in Honduran warehouses, generating significant extra costs. An exception may be made for humanitarian aid, which Honducor is able to process with the knowledge and prior authorization of the Honduran Government. Honducor asks to be excused from delivery time requirements and compensation for late delivery of postal items until normal operations resume.

- **Kazakhstan**
  - Kapost JSC has advised that it has suspended the dispatch of all types of postal items to the following countries: Algeria, Australia, Azerbaijan, Brazil, Canada, Georgia, Hungary, India, Iran, Israel, South Korea, Kyrgyzstan, Malaysia, Moldova, Mongolia, New Zealand, Norway, Pakistan, Philippines, Qatar, Spain, Tajikistan, Turkey, Turkmenistan, United Arab Emirates, United Kingdom and United States of America. Currently, mail deliveries and distribution of newspapers and magazines are carrying on as normal. However, given the imposition of quarantine and the restriction of air and train transportation to and from Nur-Sultan and Almaty, delays in mail delivery to all areas are possible.

- **Lithuania**
  - **UPDATE**: Lithuania Post has advised that the Government of Lithuania has decided to extend the nationwide quarantine for at least two more weeks – until April 13, 2020 – in order to limit the spread of the novel coronavirus (COVID-19). The following countries have suspended certain mail services:

Panama: Correos de Panamá has advised that the Panamanian government has adopted new public health measures, and has extended the countrywide curfew to 24 hours a day effective March 25, 2020, for the duration of the state of national emergency. Given this situation, all categories of inbound and outbound mail are suspended until further notice. Furthermore, Correos de Panamá is no longer in a position to guarantee delivery standards for incoming and outgoing mail and is invoking force majeure, until further notice.

Romania: CN Posta Română SA has advised that, owing to the suspension of flights, it is currently unable to send letter-post and parcel-post items to an increasing number of countries both within and outside the European Union. Therefore, it is no longer accepting letter-post and parcel-post items for international destinations to which transport capacities are unavailable. In addition, it is unable to send any outbound Express Mail Service (EMS) items and will no longer accept such items until sufficient transport capacity becomes available.

As a convenience for our customers, the Postal Service will continue to accept and process mail destined for the aforementioned countries. This mail will be held within our network and will be delivered when the end of the delivery disruption has been notified.

The following countries have announced service disruptions:

Cape Verde: Correios de Cabo Verde has advised that the government of Cabo Verde has declared an emergency for at least three weeks beginning March 18, 2020. Cape Verde has closed its borders and suspended all flights to all EU countries, United States of America, Brazil, Senegal and Nigeria. All UPU member countries are advised to expect delivery delays for both inbound and outbound mail as a result of the numerous flight reductions and cancellations. Correios de Cabo Verde will continue to operate during its normal working hours.

France: La Poste has advised that, until further notice, it is implementing additional safeguards for parcel-post items to protect the health and safety of La Poste’s staff, including:
- Offices of exchange FRAINB, FRBDLB, FRKYMA, FRDVBR, FRERNA, FRERNB, FRMCRA, FRMSLB and FRTLSJ will be closed on Monday, March 30, Tuesday, March 31, and Saturday, April 4, 2020.

- Every effort will be made to provide the service, but delivery standards will not be guaranteed;
- All other packages will be subject to delayed service.

Germany: Deutsche Post has advised that owing to a lack of transport capacity following the cancellation of numerous international flights they have suspended the acceptance of postal items destined for the affected countries. The list of affected destination countries is likely to change every day, and an overview is available online at https://www.deutschepost.de/en/c/coronavirus.html. Suspensions will apply until sufficient transport capacities become available. Additionally, Deutsche Post has implemented physical distancing requirements: inbound items requiring a payment by the recipient, such as cash-on-delivery (COD) or the payment of customs duties and taxes, will be immediately directed to a postal outlet for collection. Recipients will receive a notification as to which postal outlet is holding their item for collection.

Hong Kong: Hongkong Post has announced temporarily changes its delivery process for all items requiring signature on delivery. Effective, March 28, 2020, for letter-post, parcel-post and EMS items requiring signature on delivery, when performing at-the-door delivery, mail carrier will not obtain a signature from the recipient to reduce human interaction. In case of an unsuccessful delivery attempt, the recipient will receive a notification with instructions to collect the item at a designated post office. The collection arrangements at the post office remains unchanged.

Consequently, Iceland Post is currently unable to send postal items to all countries outside the European Union, with the exception of Australia, Canada, Hong Kong, Japan, South Korea, Liechtenstein, Norway, Russian Federation, Switzerland, the United Kingdom and the United States of America. Iceland Post is therefore declaring a situation of force majeure. Delays are also to be expected for postal items destined for the Union member countries listed above.

New Zealand Post will remain in operation during the alert level 4 lockdown period, insofar as possible. However, New Zealand Post can no longer guarantee service delivery standards. It is therefore invoking a situation of force majeure in relation to any such standards, until further notice. A number of measures have been implemented to ensure the safety of both customers and staff, effective until further notice. These include the following:
- Delivery changes: The mail carrier will knock at the door as usual, step back away from the door, and ask for the recipient’s name to record proof of delivery.
- Over-the-counter services have been discontinued effective March 25, 2020. It will also mean a reduction in the capacity to accept international outbound items, and a reduction in export volumes is therefore to be expected while alert level 4 remains in effect.
- Businesses that are deemed to provide essential services are still able to send their products.
- Owing to the suspension of many flights and the resulting reduction in transport capacity, New Zealand Post is limited in its ability to send outbound mail (letter-post, parcel-post and EMS items) to foreign countries.
